Dear John:

I read with interest your letter of 2 August which forwarded a statement prepared by the General Advisory Committee, AEC concerning the, "USER Capability in Weapons Development During the Test Moratorium." I am pleased that Dr. Seeville was afforded an opportunity of presenting our views on the matter to the Committee.

Since, as you know, we are deeply interested in this field as well as the considered views of other similarly interested groups, we would appreciate being provided copies of the several briefings mentioned in the last paragraph of your letter.

Sincerely yours,
